

The new big notebook on campus is here.

INTRODUCING THE LENOVO 300e NOTEBOOK WITH WINDOWS 10 FOR NEXT LEVEL LEARNING.

Back and better than ever, the second-generation 300e Notebook is tech for the touch generation. Smart, tech-savvy features like a 360-degree hinge and a world-facing camera are just two of many noteworthy elements. This state-of-the-art learning tool also boasts a processor packed with unparalleled power and speed to keep up with today's brightest minds. Plus, the easy-to-use Windows 10 platform helps teachers and students create a dynamic learning experience both in and outside the classroom. When you add in the comprehensive security measures and simple device management options for schools, the 300e is in a class of its own.

MULTIPLE LEARNING MODES

The 300e is designed to be as flexible as your curriculum. Its 360-degree hinge and four different modes allow students to bend the limits of learning to suit their needs. So whether it's artwork, homework or watching a film for class, the 300e can do it all seamlessly.

POWERFUL POSSIBILITIES

The 300e melds the friendly interface of Windows 10 with an 11.6" 10-point multitouch display for a premium user experience. Students can go paperless thanks to the Pencil Touch & Garaged AES pen, perfect for note-taking, drawing and more. Pair all that with a powerful 2.6 GHz Intel Pentium Silver processor and you've got a superior all-in-one Notebook.

TOUGH COMES WITH THE TERRITORY

From buses to backpacks, classrooms to locker rooms, the 300e is designed to handle the rigors of academia. Between its drop-resistant design, water-resistant keyboard and rugged, reinforced 360-degree hinge, this Notebook is equipped to roll with the rough-and-tumble day-to-day demands of your students.

CONNECT & COLLABORATE ON ONE CHARGE

If teamwork makes the dream work, then the 300e delivers on both. The world-facing camera makes it easy for students to snap and share work in class or at home, while its 10 hours* of battery life ensures everyone stays connected long after the bell rings. And, don't forget the USB Type-C connectivity for big presentation days. All together, this trifecta of features can't be beat.

Lenovo 300e

PERFORMANCE

Processor	Up to 2.7GHz Intel Pentium Silver Processor
Operating System	Up to Windows 10 Pro
Graphics	Intel® Integrated graphics
Memory	4 GB, 8 GB
Storage	64GB, 128GB eMMC or 128GB M.2 SSD
