Smarter  
technology  
for all

Lenovo

This ultra-compact productivity solution enables professionals to use Chrome-based productivity apps on the large 10.1" WUXGA (1920x1200) display, and create and edit documents on the move with the optional folio keyboard. Annotate documents or capture ideas via drawing with a universal stylus pen (available separately). With up to 16.5hrs battery life, it can comfortably last through a busy day of meetings or travel.

## REASONS TO BUY

The 5MP world-facing camera not only allows capture of photos and videos, but also supports augmented reality on compatible apps - enabling users to virtually place objects in real-life scenarios, and share these immersive demos with clients and stakeholders. The 2MP front-facing camera facilitates virtual collaboration for video-based meetings.

The tablet weighs just 0.5kg (1.1lb) and is 9.45mm (0.37") thin. MIL-SPEC tested for durability, the touchscreen is protected by lightweight scratch-proof Dragontrail Pro Glass, and there is an optional easy-clean protective case.

Integrates seamlessly with your existing ecosystem through Chrome management console.
